Design Envelope
Symposium

September 10th, 2015

SEPTEMBER 10TH, 2015

ROCHESTER

Armstrong Fluid Technology, in partnership with VJ Stanley is pleased to invite you to attend a very special symposium for achieving lowest first cost and lowest lifecycle cost by using the latest innovative HVAC technology.

This seminar will be held September 10th at the **DoubleTree by Hilton Rochester**.

Attendees will be introduced to Design Envelope as an industry-leading HVAC technology and will have the opportunity to learn how it can be applied to fluid flow systems for optimum energy efficiency that meets today's as well as future energy codes.

AGENDA

- **Introduction to Design Envelope technology**
- **Achieving lowest first cost AND lowest lifecycle cost with the same equipment**
- **Utilizing modern pumping to meet and surpass ASHRAE 90.1/189.1**
- **Ensuring best chiller plant performance with Design Envelope controls**
- **Winning the day with integrated mechanical room solutions**
- **Case Study**

Attendees will earn **three Professional Development Hours** from these approved presentations.

As mentioned, Armstrong is pleased to provide this event in partnership with VJ Stanley. Your contact at VJ Stanley will be pleased to register you for the event and will be in attendance at the seminar.

Venue information
DoubleTree by Hilton Rochester
1111 Jefferson Rd.
Rochester, NY
14623

Registration and refreshments begin at **9:30 AM**. Presentations will begin at **10:00 AM** and will conclude at approximately **3:00 PM**.

We look forward to seeing you September 10th! Please contact Christine Sullivan (585-546-4656 or CSullivan@vjstanley.com) to indicate your availability to attend or if you have any other questions.
